Dear John:

I want to take this opportunity to thank you for making our acquisition and subsequent sale of N4385P a pleasurable experience. In business, you will occasionally find a person who exemplifies their profession. You, John, are such a person. I have found you to be honest, sincere, and capable. You are knowledgeable and give good advice. With your guidance, our engine was rebuilt to better than new performance. N4385P served me and my family well. We felt safe in her and truly enjoyed the freedom and joy she offered us. When it came time to sell her, the experience was easy because of your professionalism and vast network of contacts. Would I recommend you to a friend? Yes!!

When the time is right, I will call you to move up to a C340. Until then, take care and fly safe.

Regards,

  
Azeem S. Haleem, MD
