Let's start after January 20. I need a break! Thanks for your expertise john. You are a true professional at what you do and it's so refreshing these days to find people who take that kind of pride in their work. Have a great holiday!

Greg

Thanks Greg. It has been a pleasure working with you. I look forward to assisting you on your next aircraft acquisition. When do you want to start that process?

Regards,

John Bartelt
