John Bartelt  
President  
Bartelt Aviation  
Kirsch Municipal Airport  
1301 West Lafayette  
Sturgis, Michigan 49091

Dear John:

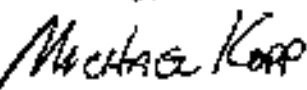

I would like to thank you for the very professional brokerage service you and Bartelt Aviation provided in the recent sale of my 1978 Turbo Lance.

From our initial discussion regarding the potential of Bartelt brokering the aircraft to completion of the sale I found your counsel to be based on a keen knowledge of the market, personal and business integrity, and working to be fair to both the buyer and seller. I also very much appreciated the frequency of the telephone and email updates on the brokerage activities sales process--particularly your taking time out of a Labor Day weekend vacation to update me on an offer that came in that weekend.

Finally, the proof is in the results. After working on my own for more than three months in an unsuccessful attempt to sell the aircraft ---it took Bartelt Aviation less than two weeks to find a buyer at 95% of the asking price!

Thanks again for this excellent job in this difficult economic climate! I would be happy to be a reference for those evaluating the brokerage services of Bartelt Aviation.

Sincerely,

  
Michael Kopp
